Galvanised Long Shank Eyebolt

Hot-Dip Galvanised Steel Fixing

Product Overview

Our Galvanised Long Shank Eyebolts provide a strong and reliable fixing point for a huge variety of applications. They are designed with an extended shank, making them the perfect choice for securing through substantial materials like timber beams, fence posts, and masonry (when used with a suitable plug).

The hot-dip galvanised coating offers excellent protection against corrosion, ensuring a long service life in outdoor environments. Each eyebolt is supplied with a nut and washer for a secure through-fixing.
