Stainless Steel Long Shank Ring Bolt

A4 (316) Marine Grade Stainless Steel

Product Overview

Our Stainless Steel Long Shank Ring Bolts are a durable and reliable solution for creating secure anchoring points. Made from high-quality A4 (316) marine-grade stainless steel, they offer superior resistance to corrosion. The long shank is ideal for applications requiring a deep fixing through materials like timber posts or masonry. Featuring a fully welded ring, these bolts provide a strong, closed loop perfect for attaching guide wires, chains, and ropes in various marine, agricultural, and architectural settings.
