

Stainless Steel Asymmetric Carbine Hook with Eyelet

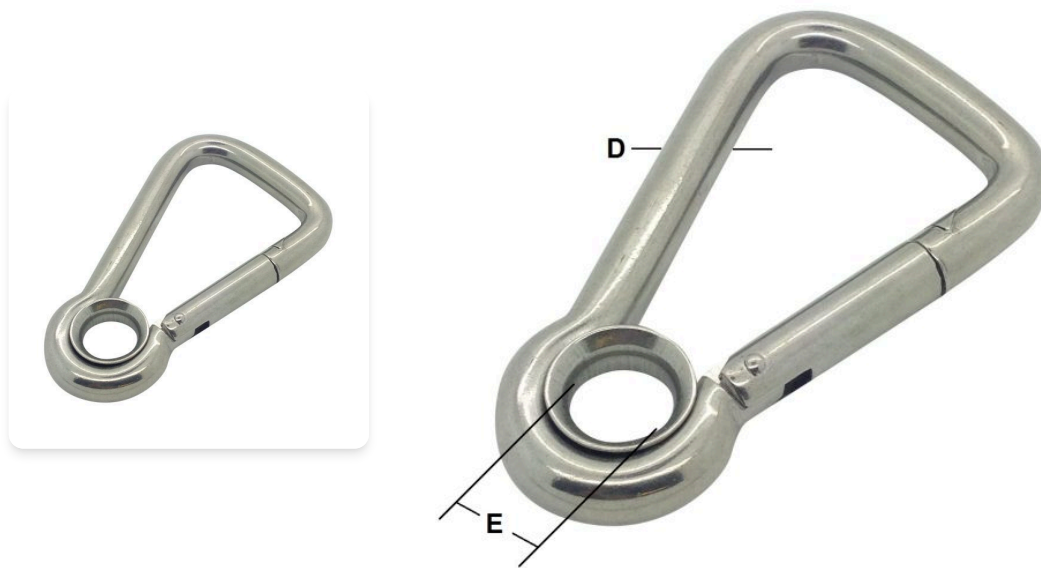

A4-AISI 316 Marine Grade

Product Overview

Our Stainless Steel Asymmetric Carbine Hook with Eyelet is a highly versatile and reliable fitting. Manufactured from tough **A4-AISI 316 grade stainless steel**, it offers superior protection against corrosion, making it the ideal choice for demanding marine, coastal, and industrial environments.

The spring-loaded gate ensures a safe and secure closure, while the integrated eyelet provides a fixed, permanent connection point for wire ropes, chains, or other components. Its polished finish also makes it suitable for architectural and decorative applications where appearance is important.
