Stainless Steel Carbine Hook with Eyelet & Screwgate

A4-AISI 316 Marine Grade

Product Overview

For applications where safety and security are paramount, our Stainless Steel Carbine Hook with Eyelet and Screwgate is the ideal choice. Manufactured from tough **A4-AISI 316 grade stainless steel**, it offers superior protection against corrosion.

The addition of a threaded screwgate provides a secure locking mechanism, preventing the gate from opening accidentally under load or vibration. The integrated eyelet provides a fixed, permanent connection point for wire ropes or other components, making this hook perfect for safety-critical applications in marine, industrial, and rigging environments.
