

Stainless Steel Wire Rope Stopper

A4-AISI 316 Stainless Steel Fitting

Product Overview

Create a robust and adjustable stopping point on your wire rope with our A4 grade stainless steel stoppers. These high-quality fittings are perfect for balustrading and architectural rigging where a polished, professional finish is required.

The clever two-part design simply clamps together over the wire rope and is secured firmly in place by tightening the two screws. This allows for easy installation and repositioning on site with just an Allen key.

Technical Specifications

The following table outlines the key dimensions and part codes for our range of stainless steel wire rope stoppers.

Wire Dia.	Thread Diameter	L Length	W Width	Part Code
3mm	M3	15mm	10mm	SSWRS03
