

Zinc Plated Safety Hook

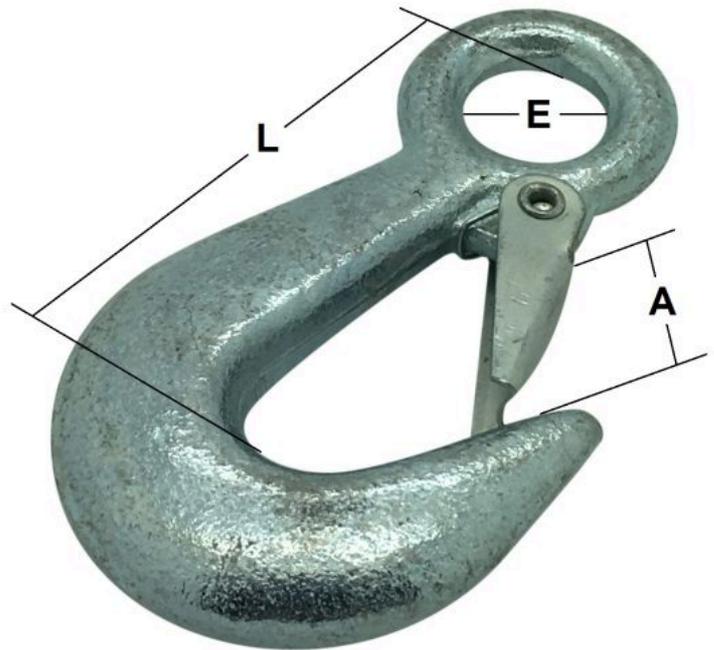

Bright Zinc Plated (BZP)

Product Overview

Our Zinc Plated Safety Hook is an economical and versatile choice for a wide range of general-purpose applications. Made from steel and finished with a **Bright Zinc Plating (BZP)**, it offers good protection against rust and corrosion in non-marine environments. The hook features a **spring-loaded safety catch** to ensure that ropes or chains remain securely in place. The eye provides a simple and effective connection point.

Important Safety Notice: These hooks are not load rated for lifting applications. They are designed for general purpose, light-duty use and securing loads only. Do not use for overhead lifting or any safety-critical application.
